Study for the math final: June 19th

Topics to review

Where to find them using IXL

Decimals   **(G, H and O skills)**
      Add
      Subtract
      Multiply
      Divide

GCF   **(E skills)**
LCM   **(E skills)**

Fractions   **(J,K and L skills)**
      Adding
      Subtracting
      Multiplying
      Dividing
      Simplest form

Integers   **(M skills)**
      Comparing
      Ordering

Ratios   **(R skills)**

Percents   **(S skills)**
      Change from decimal to percent

Unit rate   **(R and V skills)**

Equations   **(Y and Z skills)**
      Writing
      Solving

Distributive property   **(Y skills)**
      Understanding how to rewrite it

Inequalities (AA skills)
    Writing
    Solving

Perimeter (FF skills)
    Triangles

Volume (FF skills)
    Rectangular prisms

Area (FF skills)
    Parallelogram
    Complex figures

Surface area (FF skills)
    Rectangular prisms
    Cubes

Using a coordinate plane to determine the side length of a shape (X Skills)

Measure center (GG and HH skills)
    Mean
    Median
    Mode
